REMOVAL.

We have removed our office to very pleasant quarters on Chestnut Street, in the North end of Phoenix Block, where we shall be pleased to welcome all of our old friends and many new ones as may desire the favor of our acquaintance.

**MORE MEN WANTED.**—Lieut. Wood, on Monday last, opened a recruiting office for a battery of 6 Parrot guns, to be attached to the 7th Ohio Regiment. The office is at the Collins House, where, in the absence of Lieut. Wood, Mr. Theodore G. Mason will receive the names of those who are desirous of receiving the benefit of his services.

**BLIND AND DEAF.**—The advertisement of Dr. J. M. CONNELL will be found in our columns to-day. To our knowledge, Dr. McConnell is a scientific and skillful physician, and those wishing treatment for the eye and ear should consult him.

**GODEY'S LADY'S BOOK.**—This incomparable periodical is upon our table, freighted with its usual variety of choice productions. The engravings alone are worth much more than the price of subscription, to say nothing of the great amount of reading matter. We repeat what we often said, that every lady who can afford it should take this work. With the January number commences a new volume, and we would advise all who wish to subscribe to send in their names without delay. Terms—\$3 per annum; two copies \$5; three copies \$7; four copies \$7. Address L. A. GODEY, Philadelphia.

**FIRE COMPANY.**—At the annual meeting of the members of the Phoenix Fire Company, No. 1, of Ravenna, for the election of officers, which was held on Friday evening, November 29th, 1861, the following officers were elected for the ensuing year:

Foreman, H. E. Miller; Assistant Foreman, R. C. Russell; Treasurer, J. T. Green; Secretary, E. B. Cowman; Marshal, L. D. Ranney; S. W. L. John Wells; Standing Committee, G. F. Green, G. E. Canfield, J. R. Gordon.

**TO THE BLIND AND DEAF.**

J. McCONNELL, the great Auditory and Ophthalmic Surgeon, formerly of the New York Eye & Ear Infirmary, now of Cleveland, can be consulted upon all diseases of the Eye or Ear, in Ravenna, at the Collins House, on December 26th and 27th, 1861.

Dr. McConnell, having had greater experience and probably performed more operations upon the eye and ear than any other Oculist in the State, he feels confident that he can give satisfaction in all cases of diseases of these delicate organs which he may undertake.

Below is published a few cases, from well-known citizens of Cleveland. These are extreme cases, that have been under treatment for years.

For eight years I have suffered from that worst of all afflictions—sore eyes—and for the last three years have been entirely blind. During that time I have been under the treatment of some of the best physicians and surgeons of the State, but never found any relief until I went under the care of Dr. McConnell. Since that time my eyes have gradually recovered, and now I am able to see or do any kind of work as before. THOS. GARRETT, Dec. 2, 1861. No. 26 Ohio, Cleveland.

CLEVELAND, Nov. 23rd, 1861.

My daughter has been nearly blind with serofulous inflammation of the eyes ever since she was ten years of age, and in spite of any kind of treatment she grew worse until I almost despaired of her ever getting better. I am now, however, half to state, that under Dr. McConnell's treatment her eyes have become entirely well, so much so, that that no one could tell they had ever been blind.

CHARLES YEARNHOUSE, 132 Kinsman Street.

Dr. McConnell operated upon my eye for cataract about six months ago; the operation has been entirely successful, and has not injured the appearance of the eye in the least.

DAVID HAYS, Lorain Street, Cleveland. I have been entirely blind for some years, having lost one eye by an accident and cataract formed upon the other. Dr. McConnell operated upon that eye and now I can see perfectly well.

K. KALLIKER, Corner St. Clair and River-  
es, Dec. 31, 1861.

My daughter has suffered for three years with such severe inflammation of the eyes, that we were obliged to keep her in a dark room the greater part of the time. In four weeks after using Dr. McConnell's remedies she was quite well, and in six weeks was able to go to school; and since that time her eyes have remained as well as they ever were.

THOMAS DOWLING, 186 Garden street.

My child was attacked with violent purulent ophtalmia of both eyes—one of them ran out about a week after the commencement of the attack. I was then recommended to take her to Dr. McConnell in Cleveland, who immediately stopped the inflammation and restored the sight of the remaining eye.

CHARLES NICOLAS, Niles, Trumbull Co.

Dr. McConnell has treated four or five cases in my immediate neighborhood—myself and wife among them—those of us that are not already well, are fast recovering.

ALONZO JARVIS, East Cleveland.

I have been entirely deaf and had a discharge from my right ear nearly twenty-five years. I have been under Dr. McConnell's treatment about seven weeks, and in that time my hearing has almost entirely recovered, and the discharge stopped.

mended to take her to Dr. McConnell in Cleve-

land, who immediately stopped the inflam-

mation and restored the sight of the remain-

ing eye.
